THE 225th ANNAVERSERY OF THE CONSTITUTION

The United States Constitution was adopted by the Constitutional Convention on September 17, 1787 and ratified by conventions in eleven states.

It went into effect on March 4, 1789. The first ten amendments were ratified by three-fourths of the states in 1791.

Celebrate freedom.

OBAMA'S INCOMPETENCE

By Carl Burton

In the past few days, we have learned by news reports just how ill-suited Obama is for the job of President of the United State:

1. Obama's aloofness from the process of governing. The reports from Bob Woodward's forthcoming book, *The Price of Politics* showing how Obama has not been particularly engaged in negotiations with congressional leaders over matters requiring legislative action.
2. Obama's failure to attend over half of daily intelligence briefings since he took office, attending none in the six days leading up to and including September 11, 2012.
3. His decision to forego meeting with his national security team and congressional leaders in the wake of the attacks on our embassies that day and to jet off instead to a campaign event in Las Vegas.

Our friends in the legacy media, however, would rather focus on criticizing Mitt Romney.

DEMOCRAT LIES

By Carl Burton

Democrats accuse Republicans for being responsible for the economic mess that we are in and keep repeating that lie.

But my memory is that Democrats controlled both houses of Congress for much of the period they are talking about and had the majority of state houses during the first half of the Obama administration.

CEO Angelo Mozilo of Countrywide, the leading subprime lender, ran a "Friends of Angelo" program that gave sweetheart deals to leading Democrats lawmakers - Sen. Chris Dodd (D-CT), chairman of the Senate Banking Committee, Senate Budget committee Chair Kent Conrad (D-ND), Fannie Mae CEO and Democratic Party kingmaker Jim Johnson and Congresswomen Nancy Pelosi's son.

While Republican Alphonso Jackson made Angelo's list, the rest of list is skewed towards Democrats - Senator Barbara Boxer, Secretary of Health and Human Services under President Clinton Donna Shalala and current Assistant Democratic Leader Jim Clyburn (D-SC).

DEMOCRAT LIES

Democrat hands are not clean when we look back on the economic mess that faces our country.

Do Nothing Senate.

Unlike the 80th Congress which Harry Truman dubbed a "do-nothing" Congress, the current Congress is divided, with Republicans controlling only the House.

The real story about our present Congress (112th) is a do nothing Senate; the House passed over 30 economic measures to foster job growth that fizzled out in the Democrat controlled Senate.

While the American people suffer under the worst economic

recovery in our history the Democrat Senate hasn't even passed a federal budget in over 1,200 days.

If polls are correct, Republican will take control of the Senate after the November election with 6 new Senators and will lose only 1 with a net gain of 5. The 113th Senate will have 52 Republicans and 46 Democrats.

The House of Representatives

It now looks like Republicans will lose 9 House seats nationwide in the upcoming November elections and with California Republican registrations down to 30% recent polls indicate that California Republicans will suffer a loss of 5 seats.

Unless there is a major upset, President Obama will win in

California with a solid majority that will carry over to a loss of 6 Republican seats and we will only be able to pick up one Democrat seat (in the central valley).

Roosevelt taxes on Hollywood

President Franklin Delano Roosevelt's 20% excise tax imposed on the gross revenue from movie theaters was repealed under President Eisenhower. In recent years I have read and heard on TV and other news sources where leaders in the entertainment industry support higher taxes as proposed by President Obama. Republicans should call for re-imposition of the Roosevelt tax of 20% on Hollywood gross revenue (including salaries) in any budget deal with Democrats along with disallowing the deduction of union dues.
